- 9.2 Tenderers should note that their offers will be considered on an overall basis.

10. Negotiation

AOSMHKL reserves the right to negotiate with all or any Tenderer (s) about any terms and conditions in the Tender Documents and of the Contract.

If a Tenderer fails to fulfill all or any of the conditions mentioned in **Clause 11.2** above (unless and save to the extent they are waived by AOSMHKL in writing, if any), or fails to enter into the Articles of Agreement upon notification by AOSMHKL (“defaulting Tenderer”), the conditional acceptance of tender will become void and be of no further force.

11.4 The AOSMHKL Representative will disqualify the defaulting Tenderer, and it may, but not obliged to, award the Contract to another Tenderer. Without prejudice to other rights and remedies of the AOSMHKL, the defaulting Tenderer shall be responsible for the difference in total Estimated Contract Value based on the amount of the Basic Rent and Turnover Rent submitted by that defaulting Tenderer and the eventual Contractor who will be awarded the Contract whether appointed pursuant to this Invitation to Tender exercise or another subsequent invitation exercise. On the other hand, notwithstanding anything in the Tender Documents or in the conditional acceptance of tender to the contrary, in the event that the AOSMHKL exercises any of its discretion under **Clause 14** of the **Terms of Tender**, AOSMHKL shall be entitled not to enter into the Contract with a Tenderer even if the Tenderer has received a conditional notification of acceptance and fulfilled all the conditions specified **Clause 11.2** above.

Tender Ref: AOSMHKL/TC/01/2024

11.5 Tenderers who do not receive any notification of acceptance within the Tender Validity Period shall assume that their tenders have not been accepted.

12.1 In the event that the AOSMHKL determines that:

- (a) clarification in relation to any tender is necessary;
- (b) a document or a piece of information, other than the document or information set out in **Clause 4.1** of the **Terms of Tender**, is missing from the tender, it may, but is not obliged to, request the Tenderer concerned to make the necessary clarification, or submit the required document or information.

The Tenderer shall thereafter within five (5) working days or such other period as specified in the request submit such clarification, information or document in the form required by AOSMHKL. A tender may not be considered further (or will not be considered further where it is expressly stated to be the case in the relevant provision of the Tender Documents) if complete information or document is not provided as required by the deadline as specified in the request, or in the case of clarification, such clarification is not provided by such deadline or is not acceptable to AOSMHKL. As an alternative to seeking clarification or further information or document, AOSMHKL may not consider the tender further or may proceed to evaluate the tender on an "as is" basis.

13. Tenderer's Commitment

The entire Tender, any subsequent clarification, and permitted submissions from a Tenderer must be submitted in writing. Tender Ref: AOSMHKL/TC/01/2024

- 8.2 The AOSMHKL Representative may refrain from giving any written consent under **Clause 8.1** above without giving any reason. If AOSMHKL Representative does agree to give consent, any such agreement may be subject to fulfilment of conditions either by the Contractor and/or by any proposed assignee or transferee or sub-contractors.

- 9.3 The entitlement to operate the Business in the Mobile Carts is conditional on the Contractor having obtained all Requisite Permits, and that they remain valid and in force throughout the Contract Period and that the Contractor complies with all conditions and requirements stated therein. The non-issuance of any of the Requisite Permits by the relevant authorities does not constitute any ground for the abatement of the Basic Rent and/or Turnover Rent (if any).
- 9.6 The Contractor shall produce copies of all Requisite Permits, including but not limited to Business Registration Certificate, from time to time upon demand by the AOSMHKL Representative.

10. Warranties and Undertakings

CONTRACT SCHEDULE 4
MARKING SCHEME FOR TENDER EVALUATION

1. The AOSMHKL will use a marking scheme in assessing the Tenders which meet all requirements stipulated in Stage 1. Offers which fail to meet the essential requirements will NOT be considered. Those meeting the essential requirements will be evaluated in accordance with the assessment on technical submission in Stage 2. The Technical score carries a weight of 70% as against a 30% weighting for the price score. A Tender which fails to pass any one of the criteria in the technical assessment will not be further considered. The Tenderer with the highest technical mark and which Tender attains all the passing scores will be awarded with a weighted technical score of 70, while the weighted technical score for other Tenders which Tenders attain all the passing score will be calculated in accordance with the formula in **Clause 3.2** below. Upon completion of the technical assessment, the price information will be evaluated in Stage 3. The Tender with the highest combined technical and price score in Stage 4 will normally be recommended for acceptance.

2. **Stage 1 – Completeness Check**
 - 2.1 Tenderers must submit the following documents on or before 12:00 noon (Hong Kong time) on the Tender Closing Date:

3. Stage 2 – Technical Assessment

3.1 Tender shall be assessed under the following criteria of technical submission and marks will be given to Tenders in each assessed criterion in accordance with the standard stipulated below.

	Assessment Criteria	Mark
1.	<p>Business Plan</p> <p>The Tenderer is required to incorporate the information outlined below into the Business plan in compatibility with the AOS's vision, mission, values, image and function as stated in the tender document (to be illustrated and supported by statements, plans and drawings where appropriate):</p> <p>(a) Proposed plan with details on business vision (not limited to the core value of the business including quality products, excellent customer service, creativity, integrity, social responsibility, etc.)</p> <p>(b) Proposed plan with details of products to be sold in Mobile Carts and marketing and promotion plan (if any)</p>	70 (passing mark = 30)
2.	<p>Past Track Record</p> <p>The Tenderer is required to provide information on their past track record of conducting operations of similar nature as requested by AOSMHKL.</p>	

3.2 Calculation of weighted technical score

The technical proposal of those tenders which meet all the essential requirements will be marked in Stage 2 technical assessment. There is a passing mark in each assessment criteria. Tenderers failing to attain the passing mark will not be considered further. The Tenderer who passes all the assessment criteria in Stage 2 and attains the highest technical mark will be awarded with a weighted quality score of 70 while the weighted quality scores for other Tenderers who pass the Stage 2 technical assessment will be calculated in accordance with the following formula:

$$70 \times \frac{\text{Technical marks award to the relevant Tenderers}}{\text{Highest technical mark amongst the tenderers which pass Stage 2 technical assessment}}$$

Tender Ref: AOSMHKL/TC/01/2024

[Note: The weighted technical score of each conforming Tender will be rounded to the nearest two (2) decimal places. Figures with the values at the third decimal place larger than or equal to 0.005 will be rounded up by adding 0.01 to the figures and curtailing the third decimal place onward whereas figures with the values at the third decimal place below 0.005 will be rounded down by curtailing the third decimal place onward without changing the values at the second decimal place.

Examples of calculating the weighted technical score and the rounding arrangements are given as follows: Assuming there are three (3) Tenderers who have attained all passing standard scores in the technical assessment; Tender A gains the highest total mark of 80; Tender B gains a total mark of 75; and Tender C gains a total mark of 60. The weighted technical scores of the three (3) Tenderers are:

Tenderer A: 70

Tenderer B: $70 \times 75/80 = 65.625$; and

Tenderer C: $70 \times 60/80 = 52.50$

After they have been rounded to the nearest two (2) decimal places, the weighted technical score of Tenderers A, B and C will be 70, 65.63 and 52.50 respectively.]

Upon completion of the technical assessment in Stage 2, the Basic Rent and Turnover Rent of those tenders will be evaluated in Stage 3 price assessment.

4. Stage 3 – Price Assessment

4.1 Calculation of weighted price score

The price evaluation will proceed after completion of the technical assessment.

(i) The following two price marks will be used for calculating the weighted price score for Tenderers who have passed the technical assessment:

$$\text{Mark of Basic Rent} = \frac{\text{Basic Rent}}{\text{Highest Basic Rent among all tenderers which have passed the technical assessment in Stage 3}} \times 50\%$$

$$\text{Mark of Turnover Rent} = \frac{\text{Turnover Rent}}{\text{Highest Turnover Rent among all tenders which have passed the technical assessment in Stage 3}} \times 50\%$$

(ii) A weighted price score of 30 will be allocated to the tender with the highest price mark, while the weighted price score for the other tenders will be arrived at based on the following formula:

$$30 \times (\text{Mark of Basic Rent} + \text{Mark of Turnover Rent})$$

Tender Ref: AOSMHKL/TC/01/2024

(iii) all calculations of the mark of the weighted price score in Stage 3 respectively will be rounded to the nearest two (2) decimal places (i.e. the same method of rounding as shown in the Note under **Clause 3.2**)

5. Stage 4 – Calculation of Combined Score

Combined Score = Weighted Technical Score + Weighted Price Score

The tender with the highest combined score will normally be recommended for acceptance subject to the requirement that the AOSMHKL is satisfied that the recommended Tenderer is fully capable of undertaking the contract and is the most advantageous to the AOSMHKL in accordance with the Tender provision.
